1) Sometimes it is people who no one expects anything of who do extraordinary things that no one could imagine.

2) If I dont win the Pulitzer Poetry Prize for "Raw White Racism" I will shred all the winning and nomination entries poem by poem line by line and challenge all things in their life relevant to WorldPeace and Poetry. I will indirectly shred the judges. The current Pulitzer Prize needs a significant make over and redirection.

3) HERE IS MY OFFER.

a) I win the Pulitzer Prize for "Raw White Racism" as in 2 above. AND Amanda Gorman wins NOTHING due to her corruption for 2022.

b) I am appointed deputy Administrator for the Pulitzer Poetry Prize reporting only to Majorie Miller. I will work remotely from Albuquerque where I have lived for 11 years. I will come in once or twice a month at Pulitzer's expense. Everything else will be done by video conference and secure email and text.

I am willing to meet with anyone who wants to come to Albuquerque basically any time at their motel or elsewhere but not at my home/office/study. I have no walkin clients in my web design business.

c) Columbia University, sets up a Teach Peace Department in which I will be designated Administrator reporting to Lee Bollinger only. The objective is to create a Teach Peace Curriculum to be marketed to every university in the world. I will come to Columbia for 3 days twice a month to teach peace in one day or half day seminars and work out the curriculum. All communications will be video conferences with me in Albuquerque and same as b) I will meet with anyone who wants to come to Albuquerque. I already have a significant curriculum.

d) I will be provided with an admin/clerk. She will work at Columbia. She will need an overseer there.

I think this is a very fair and extremely positive and win win scenario. You dont want to hear the downside of not coming to an agreement.

e) I will add that I did not succeed self employed in insurance, accounting, tax, law and web design by not being for the most part user friendly. I have no one in my life for 7 years now. I do not party drink or do drugs. I just work.

The ball is in your court and the clock is ticking.

Very sincerely,

Jwp
