Here is the article talking about Ms. Gorman publishing poems from her prior published book "The one for whom food is not enough"

### **Amanda Gorman's Book Isn't Out Yet, But It's Already On Top Of The Amazon Charts**

I do not think Ms. Gorman 2022 Pulitzer Poem entry has "Selection, Compilation, Complete, etc " words in the title or anywhere in the book..

Of course none of this is really relevant if Ms.Gorman does not win the 2022 prize and is not a nominee for 2022. But I think it would be relevant for any future submissions for the rest of her life regarding honesty and truth issues.

Very Sincerely,
